Stories from past events are accessible at [www.painsciencelifestories.org](http://www.painsciencelifestories.org). The website has multiple fully curated features in the Resource Table: Unique Aspects; Key Ideas; Summary; Transcript; and a Link to play each video story to assist you in searching for content that makes sense to you.

We are a local collaboration of healthcare workers and individuals who have learned the self-care pain approach. We welcome new members with similar interests. See the Welcome page on the website for upcoming events, and the Members page to join us. Email: [opsa@painsciencelifestories.com](mailto:opsa@painsciencelifestories.com) and a member will reply to your questions.
